Protection:

- I know that the tablet I use is in my responsibility.
- I will inform my family if my tablet breaks or malfunctions.
- My family and I have decided how we will behave if my tablet is damaged.

Safety:

- I will not create a new user on any app or website without my parents' or teachers' approval .
- I do not share my personal information without my parents' or teachers' approval
- I do not share my password with others.
- If I feel scared, stressed or uncomfortable in any online space, I share this with my family and teachers.

Think about it:

- I don't post photos, videos, screenshots, create fake profiles or just verbally upset others or put them in a difficult situation.
- I know that anything I share can spread very quickly online.
- Whenever I use a material (text, picture, study...) produced by others, I always cite the source.
- I use artificial intelligence applications in accordance with the principles of academic honesty.
- I know that everything I read, listen to or see online may not be true.
- I will inform my family if my tablet is broken or damaged.
- My family and I have decided how we will behave if my tablet is damaged.

Stay in Balance:

- I watch my screen time and make time for other activities - and people.
- My family and I decide together about my screen limits.
- If I feel unhappy in front of the screen or find it hard to stop myself, I take a break, talk to a family member or teacher and ask for help.
- I only use my tablet for educational purposes at school.

Open Communication:

- I talk openly and honestly with my family about the time I spend online.
- I talk to my parents and teacher if I make a mistake online or if I have any difficulties.

I have read and understood all of this.
