Twin children are placed in separate classes.

7. What are the second foreign language options besides English?

In addition to English, French or Spanish are offered as elective courses starting from grade 5.

8. What factors do you consider when forming classes?

Our teachers, guidance counselors, school principal, and vice principals evaluate students each year based on social-emotional and academic development, gender balance, and friendship dynamics, among other criteria, and then reorganize the classes.

9. Is there an educational difference between the preschool and primary school campuses?

The same curriculum and teaching program are applied across schools at the same level, regardless of the campus..

PRESCHOOL

1. Where are your preschool campuses located?

Our preschool campuses are located in Levent, Kemerburgaz, and Bahçeköy.

2. What age groups do you serve in preschool?

We provide education for 3, 4, and 5-year-old children.

3. How is student admission for Açı Preschool done?

For all age groups, a parent meeting is held. During the meeting, the school program is introduced, and the student and family are familiarized. Starting from the second semester, students are invited for a meeting to get to know the school.

Student interviews may be conducted if necessary, and reports may be requested from the student's previous school.

4. Can students transfer between campuses?

Transfers between campuses are possible if there is availability.

PRIMARY SCHOOL

1. Where are your primary school campuses located?

Our primary school campuses are located in Akatlar and Bahçeköy.

2. How is student admission to Açı Primary School done?

For candidates who have attended preschool education at different institutions, a daily schedule planning, guidance assessment, and English evaluation are carried out at Açı Primary School.

3. Can students transfer between campuses?

Transfers between campuses are possible if there is availability.
